SUMMARY

I'm a young and motivated Frontend developer using HTML, CSS, and JavaScript technology stack in my projects. During my studies, I actively participated in the development of web pages, creating adaptive and user-friendly interfaces. I am looking for an opportunity to start my career in a friendly team where I can develop my skills and contribute to the development of your company. I am ready to learn on my own, help others and solve problems.

PROJECT EXPERIENCE

Yacht Jet, Link (HTML, CSS, JavaScript)
This site uses an adaptive layout. My role is a developer. In this project, I created a footer and helped other developers solve problems.
